PL Tapes					
	4240-00-NIB-0244	32204	Illuminating Multipurpose Adhesive Tape, Roll, 1-1/2" x 25'	Illuminating multi-purpose adhesive tape will illuminate ladder beams, tools, railings, apparatus, etc. Can be charged by any light source (sun, artificial light, low light). Will illuminate surroundings for several hours when fully charged. Can withstand high temperatures. May be re-charged repeatedly. 1-1/2" x 25'.	\$ 61.54
	4240-00-NIB-0245	32205	Illuminating Multipurpose Adhesive Tape, Roll, 1-1/2" x 50'	Illuminating multi-purpose adhesive tape will illuminate ladder beams, tools, railings, apparatus, etc. Can be charged by any light source (sun, artificial light, low light). Will illuminate surroundings for several hours when fully charged. Can withstand high temperatures. May be re-charged repeatedly. 1-1/2" x 50'.	\$ 115.38
	4240-00-NIB-0246	32206	Illuminating Multipurpose Adhesive Tape with Directional Arrows, Roll, 1-1/2" x 25'	Illuminating multi-purpose adhesive tape with directional arrows. Illuminates exits and escape routes to safely direct people if the lights go out. Can be charged by any light source (sun, artificial light, low light). Will illuminate surroundings for several hours when fully charged. Can withstand high temperatures. May be re-charged repeatedly. 1-1/2" x 25'.	\$ 76.92
	4240-00-NIB-0247	32207	Illuminating Multipurpose Adhesive Tape with Directional Arrows, Roll, 1-1/2" x 50'	Illuminating multi-purpose adhesive tape with directional arrows. Illuminates exits and escape routes to safely direct people if the lights go out. Can be charged by any light source (sun, artificial light, low light). Will illuminate surroundings for several hours when fully charged. Can withstand high temperatures. May be re-charged repeatedly. 1-1/2" x 50'.	\$ 130.77
FIRST RESPONDER					
	4240-00-NIB-0276	32211	Label, Custom, SBCA ID, Adhesive Back, Photoluminescent	Custom photoluminescent SBCA ID adhesive back label has a heat resistant photoluminescent backing with reflective lettering used for identifying individual firefighters. Size is 6-3/8" x 3-1/2". UOI is EA.	\$ 30.77
	4240-00-NIB-0237	32208	5' Illuminating Grip Wrap	Easily identify your crew and equipment with this illuminating grip wrap. Its unique surface clings to itself and allows it to grip on wet or dry tools. Can be charged by any light source and will illuminate for up to 17 hours when fully charged. Made of heavy-duty industrial grade reinforced silicone. The yellow wrap glows green in the dark.	\$ 69.23
	4240-00-NIB-0238	32209	10' Illuminating Grip Wrap	Easily identify your crew and equipment with this illuminating grip wrap. Its unique surface clings to itself and allows it to grip on wet or dry tools. Can be charged by any light source and will illuminate for up to 17 hours when fully charged. Made of heavy-duty industrial grade reinforced silicone. The yellow wrap glows green in the dark.	\$ 123.08
	4240-00-NIB-0248	32210	Illuminating Helmet Band	Illuminating Helmet Bands are made of industrial-grade high temperature resistant silicone. Can be charged by any light source (sun, artificial light, low light). Will illuminate for hours when fully charged and are rechargeable. Illuminating helmet bands increase safety by making helmets more visible in smoky or dark environments. 11-1/2" x 1-1/2".	\$ 40.00
EXIT SIGNS, FRAMES AND MOUNTS (remains on SCBA when changing cylinders).					
	4240-00-NIB-0269	32177	Sign, "EXIT", Clear Lucite with Mounting Bracket, Photoluminescent	Photoluminescent Clear Lucite "EXIT" Sign provides quick and easy identification of exits in lighted conditions and when the lights go out through the use of reflective colors and advanced photoluminescent lettering on a clear lucite exit sign. Mounting bracket included. Size is 15-3/4" x 8- 5/8". UOI is EA.	\$ 200.00
	4240-00-NIB-0270	32178	Sign, "EXIT", Mirrored Lucite with Mounting Bracket, Photoluminescent	Photoluminescent Mirrored Lucite "EXIT" Sign provides quick and easy identification of exits in lighted conditions and when the lights go out through the use of reflective colors and advanced photoluminescent lettering on a mirrored lucite exit sign. Mounting bracket included. Size is 15-3/4" x 8 5/8". UOI is EA.	\$ 215.38
		32172	Photoluminescent Printed Silver Poly/Aluminum Exit Sign, No Frame, No Mount, One-Sided	Photo Luminescent Printed Silver Aluminum Exit Sign, No Frame, No Mount, One-Sided	\$ 123.08
		32173	Photoluminescent Printed Red Aluminum Exit Sign, No Frame, No Mount, One-Sided	Photo Luminescent Printed Red Aluminum Exit Sign, No Frame, No Mount, One-Sided	\$ 123.08
		32174	Photoluminescent Printed White Aluminum Exit Sign, No Frame, No Mount, One-Sided	Photo Luminescent Printed White Aluminum Exit Sign, No Frame, No Mount, One-Sided	\$ 123.08
		32175	Silver Frame With Universal Mounting Kit - to be used with 1-sided aluminum sign	Silver Frame with Universal Mounting Kit - to be used with 1-sided aluminum sign	\$ 61.54
		32176	Universal Channel Mount Kit - Ceiling or Wall Mount. Compatible with 1 or 2 sided aluminum or lucite signs.	Universal Channel Mount Kit - Ceiling or Wall Mount. Compatible with 1 or 2-sided aluminum or lucite signs.	\$ 61.54
	4240-00-NIB-0271	32179	Kit, Conversion, Mirrored Lucite "EXIT", Double Sided, Photoluminescent	For use with the Mirrored Lucite "EXIT" Sign with Mounting Bracket (NSN 4240-00-NIB-0270). Converts single sided mirror sign into double-sided sign. Quickly and easily identify exits in lighted conditions and when the lights go out through the use of reflective colors and advanced photo luminescent lettering. Size is 15-3/4 " x 8 5/8". UOI is KT.	\$ 130.77
		32180	4' Drop Down Post Extension	To be used with 1-309-1606CM or	\$ 38.46
PL Safety Adhesive Labels					
	4240-00-NIB-0272	32181	Label, "STANDPIPE", Adhesive Back, Photoluminescent	Photoluminescent "STANDPIPE" adhesive back label is used to indicate the location of your standpipe if the lights go out. Size is 3" x 8". UOI is EA.	\$ 24.62
	4240-00-NIB-0273	32184	Label, "EMERGENCY EXIT", Adhesive Back, Photoluminescent, Green	Photoluminescent "EMERGENCY EXIT" adhesive back label has a green background with photoluminescent lettering, used for identifying emergency exits. Size is 12" x 3". UOI is EA.	\$ 29.23
			Label, "EMERGENCY EXIT", Adhesive Back, Photoluminescent, Red	Photoluminescent "EMERGENCY EXIT" adhesive back label has a green background with photoluminescent lettering, used for identifying emergency exits. Size is 12" x 3". UOI is EA.	\$ 29.23

PL PVC Safety Signs

	4240-00-NIB-0275	32187	Sign, "FIRE EXTINGUISHER", Photoluminescent	Photoluminescent "FIRE EXTINGUISHER" made with PVC has reflective red vinyl lettering, used for indicating the important location of a fire extinguisher. Size is 6" x 12". UOI is EA.	\$ 36.92
	4240-00-NIB-0282		Sign, "FLOOR 1", Stairwell Identifier, Photoluminescent	Photoluminescent stairwell identifier "FLOOR 1" sign is made of PVC and has an Eco solvent printed design on photoluminescent background used for indicating stair level in lighted conditions as well as during blackouts. Size is 8" x 8". UOI is EA.	\$ 30.77
	4240-00-NIB-0283		Sign, "FLOOR 2", Stairwell Identifier, Photoluminescent	Photoluminescent stairwell identifier "FLOOR 2" sign is made of PVC and has an Eco solvent printed design on photoluminescent background used for indicating stair level in lighted conditions as well as during blackouts. Size is 8" x 8". UOI is EA.	\$ 30.77
	4240-00-NIB-0284		Sign, "FLOOR 3", Stairwell Identifier, Photoluminescent	Photoluminescent stairwell identifier "FLOOR 3" sign is made of PVC and has an Eco solvent printed design on photoluminescent background used for indicating stair level in lighted conditions as well as during blackouts. Size is 8" x 8". UOI is EA.	\$ 30.77
	4240-00-NIB-0285		Sign, "FLOOR 4", Stairwell Identifier, Photoluminescent	Photoluminescent stairwell identifier "FLOOR 4" sign is made of PVC and has an Eco solvent printed design on photoluminescent background used for indicating stair level in lighted conditions as well as during blackouts. Size is 8" x 8". UOI is EA.	\$ 30.77
	4240-00-NIB-0286		Sign, "FLOOR 5", Stairwell Identifier, Photoluminescent	Photoluminescent stairwell identifier "FLOOR 5" sign is made of PVC and has an Eco solvent printed design on photoluminescent background used for indicating stair level in lighted conditions as well as during blackouts. Size is 8" x 8". UOI is EA.	\$ 30.77
	4240-00-NIB-0287		Sign, "FLOOR 6", Stairwell Identifier, Photoluminescent	Photoluminescent stairwell identifier "FLOOR 6" sign is made of PVC and has an Eco solvent printed design on photoluminescent background used for indicating stair level in lighted conditions as well as during blackouts. Size is 8" x 8". UOI is EA.	\$ 30.77
	4240-00-NIB-0288		Sign, "FLOOR 7", Stairwell Identifier, Photoluminescent	Photoluminescent stairwell identifier "FLOOR 7" sign is made of PVC and has an Eco solvent printed design on photoluminescent background used for indicating stair level in lighted conditions as well as during blackouts. Size is 8" x 8". UOI is EA.	\$ 30.77
	4240-00-NIB-0289		Sign, "FLOOR 8", Stairwell Identifier, Photoluminescent	Photoluminescent stairwell identifier "FLOOR 8" sign is made of PVC and has an Eco solvent printed design on photoluminescent background used for indicating stair level in lighted conditions as well as during blackouts. Size is 8" x 8". UOI is EA.	\$ 30.77
	4240-00-NIB-0290		Sign, "FLOOR 9", Stairwell Identifier, Photoluminescent	Photoluminescent stairwell identifier "FLOOR 9" sign is made of PVC and has an Eco solvent printed design on photoluminescent background used for indicating stair level in lighted conditions as well as during blackouts. Size is 8" x 8". UOI is EA.	\$ 30.77
	4240-00-NIB-0291		Sign, "FLOOR 10", Stairwell Identifier, Photoluminescent	Photoluminescent stairwell identifier "FLOOR 10" sign is made of PVC and has an Eco solvent printed design on photoluminescent background used for indicating stair level in lighted conditions as well as during blackouts. Size is 8" x 8". UOI is EA.	\$ 30.77
	4240-00-NIB-0292	32189	Sign, Side Directional Arrow, Photoluminescent	Photoluminescent side directional arrow is made of PVC and has an Eco solvent printed design on photoluminescent background used for indicating direction of exits and escape routes in lighted conditions as well as during blackouts. Size is 8" x 8". UOI is EA.	\$ 30.77
	4240-00-NIB-0293	32190	Sign, Corner Directional Arrow, Photoluminescent	Photoluminescent corner directional arrow is made of PVC and has an Eco solvent printed design on photoluminescent background used for indicating direction of exits and escape routes in lighted conditions as well as during blackouts. Size is 8" x 8". UOI is EA.	\$ 30.77
	4240-00-NIB-0294	32191	Sign, "NOT AN EXIT", Photoluminescent,	Photoluminescent "NOT AN EXIT" sign is made of PVC and has an Eco solvent printed design on photoluminescent background used for indicating a door that is not an exit in lighted conditions as well as during blackouts. Size 8" x 8". UOI is EA.	\$ 30.77
	4240-00-NIB-0295	32192	Sign, "EXIT LEFT", Photoluminescent	Photoluminescent "EXIT LEFT" sign is made of PVC and has an Eco solvent printed design on photoluminescent background used for: indicating exit and escape routes in lighted conditions as well as during blackouts. Size is 8" x 8". UOI is EA.	\$ 30.77
	4240-00-NIB-0296	32193	Sign, "EXIT RIGHT", Photoluminescent	Photoluminescent "EXIT RIGHT" sign is made of PVC and has an Eco solvent printed design on photoluminescent background used for: indicating exit and escape routes in lighted conditions as well as during blackouts. Size is 8" x 8". UOI is EA.	\$ 30.77
	4240-00-NIB-0297	32194	Sign, "STAIRS", Photoluminescent	Photoluminescent "STAIRS" sign is made of PVC and has an Eco solvent printed design on photoluminescent background used for indicating where a stairway is in lighted conditions as well as during blackouts. Size is 8" x 8". UOI is EA.	\$ 30.77
	4240-00-NIB-0298	32195	Sign, Custom Printed, Photoluminescent	Photoluminescent Custom Printed sign is made of PVC and has an Eco solvent printed design on photoluminescent background used for custom egress designs per customer specifications to be seen in lighted conditions as well as during blackouts. Size is 8" x 8". UOI is EA.	\$ 30.77
	4240-00-NIB-0299	32196	Sign, "DOOR REMAINED UNLOCKED"	"DOOR REMAINED UNLOCKED" sign is made of PVC and has an Eco solvent printed design on white background, used for indicating which doors must remain unlocked. Size is 8" x 8". UOI is EA.	\$ 23.08
	4240-00-NIB-0300	32197	Sign, "FIRE DOOR KEEP CLOSED"	"FIRE DOOR KEEP CLOSED" sign is made of PVC and has an Eco solvent printed design on white background used for: indicating fire door locations. Size is 8" x 8". UOI is EA.	\$ 23.08
	4240-00-NIB-0301	32198	Sign, "NO SMOKING"	"NO SMOKING" sign is made of PVC and has an Eco solvent printed design on white background used for indicating a no smoking area. Size is 8" x 8". UOI is EA.	\$ 23.08
	4240-00-NIB-0302	32199	Sign, Custom Eco Solvent Printed	Custom sign is made of PVC and has an Eco solvent printed design on white background used for custom egress designs per customer specifications. Size is 8" x 8". UOI is EA.	\$ 23.08
	4240-00-NIB-0303	32200	Sign, "EXIT", Photoluminescent	Photoluminescent "EXIT" sign is made of PVC and has an Eco solvent printed design on photoluminescent background used for: indicating an exit in lighted conditions as well as during blackouts. Size is 12" x 9". UOI is EA.	\$ 33.85
	4240-00-NIB-0304	32201	Sign, "TIME DELAYED DOOR", Photoluminescent	Photoluminescent "TIME DELAYED DOOR" sign is made of PVC and has an Eco solvent printed design on photoluminescent background used for indicating where a time delayed door is in lighted conditions as well as during blackouts. Size is 12" x 9". UOI is EA.	\$ 33.85
	4240-00-NIB-0305	32202	Sign, "IN CASE OF FIRE", Photoluminescent	Photoluminescent "IN CASE OF FIRE" sign is made of PVC and has an Eco solvent printed design on photoluminescent background, used for: indicating what to do in case of fire in lighted conditions as well as during blackouts. Size is 12" x 9". UOI is EA.	\$ 33.85

	4240-00-NIB-0306	32203	Sign, Custom Printed, Photoluminescent	Photoluminescent Custom sign is made of PVC and has an Eco solvent printed design on photoluminescent background used for custom egress designs per customer specifications to be seen in lighted conditions as well as during blackouts. Size is 12" x 9". UOI is EA.	\$ 33.85
	4240-00-NIB-0274	32184	Photoluminescent Running Man PVC Sign with Directional Arrow, Bottom Left, 12 x 6	Photoluminescent "RUNNING MAN" sign made with PVC with directional arrow has reflective green vinyl lettering with photoluminescent arrow, used for indicating which direction building occupants should exit. Size is 12" x 6". UOI is EA.	\$ 36.92
		32185	Photoluminescent Running Man PVC Sign with Directional Arrow, Top Right, 12 x 6	Photoluminescent "RUNNING MAN" sign made with PVC with directional arrow has reflective green vinyl lettering with photoluminescent arrow, used for indicating which direction building occupants should exit. Size is 12" x 6". UOI is EA.	\$ 36.92
		32186	Photoluminescent Running Man PVC Sign with Directional Arrow, Top Left, 12 x 6	Photoluminescent "RUNNING MAN" sign made with PVC with directional arrow has reflective green vinyl lettering with photoluminescent arrow, used for indicating which direction building occupants should exit. Size is 12" x 6". UOI is EA.	\$ 36.92
		32183	Sign, "RUNNING MAN" with Directional Arrow, Photoluminescent. Bottom Right	Photoluminescent "RUNNING MAN" sign made with PVC with directional arrow has reflective green vinyl lettering with photoluminescent arrow, used for indicating which direction building occupants should exit. Size is 12" x 6". UOI is EA.	\$ 36.92
